## MANUFACTURING, INC.

45399 UTICA PARK BLVD  
UTICA, MI 48315

## Proudly Made in Michigan

HL Manufacturing is a family owned and operated business with a vision to manufacture fine jewelry of the highest standards and quality. Our family has carried a tradition and built a reputation for design and service. All of our collections are manufactured in the United States and overtime, our extended family has grown to include the jewelers we serve...because in the end that is where our success lies.

At a time when it seemed as if all manufacturing was moving overseas, we kept everything right here in Michigan. We believe "Made in the USA" still means something. This assures us that our products are manufactured under fair labor conditions in safe and healthy working environment where the rights and dignity of workers are respected.
